PROJECTS

Neutral
- Neutral is a digital agency platform that provides software development services to businesses, focusing on building and maintaining mobile and web applications.
-Built with React and Ruby on Rails.
- Live demo

Recipe App
-The Recipe app keeps track of all your recipes, ingredients, and inventory. It will allow you to save ingredients, keep track of what you have, create recipes, and generate a shopping list based on what you have and what you are missing from a recipe.
-Built with Ruby on Rails.
- Source code

SHOWNET
- A movie database website that displays all the information about a show including the description and the rating of the show. You can search for a show, like and also comment on any of your favorite shows.
- Built with JavaScript and Html.
- Source code
- Live demo
